

Celebrate

CONGENITAL HEART DEFECT AWARENESS WEEK

February 7-14, 2010

FACTS ON CONGENITAL HEART DEFECTS (CHD)

- #1 Birth Defect
- Over 40,000 babies born annually nationwide
- 1 out of every 100 children are born with a CHD
 - 35 different types of CHDs

What can you do to help?

Do you know of a friend or family member that is expecting or has a child with a congenital heart defect? Share the HOPE and tell them about our support organization.

www.littlehearts.org

We are a national non-profit organization offering support, education, networking, resources and hope to families affected by congenital heart defects. Our mission is to offer support to families affected by congenital heart defects through our support services and to promote public awareness for this #1 birth defect. We are a tax exempt organization under section 501 (c)3.
